

Helmet System – Husqvarna

- ❑ Helmet with replaceable liner attached at six points, fiber sweatband, air vents and cut-outs over ears to accommodate hearing protectors. Resistant to UV light.
- ❑ Visor with rectangular mesh gives excellent visibility and water run-off. Visor and visor holder available separately.
- ❑ Hearing protectors can be adjusted vertically and sideways. Patented design of spring and cushion provide excellent noise reduction despite low pressure.

Part No.
